Now that all the snow is fallin
It's crunching below my feet
And all the christmas lights are shining
On houses up and down my street
And I can see the happy families inside
If only for a moment

It's christmas time

I think I see the children down the street
Here they come caroling
Now you can hear them
They're saying
Oh yeah

Mister johnson bought a christmas tree
He set it up with his family
They're opening their presents big and small
Mister johnson got a big brown bowling ball
Sally got a pair of brand new skates
And jimmy got a box of frosty flakes
He's knows that there's a special little prize inside
What a happy moment
It's christmas time
The carolers are standing in line
They sing
Oh yeah
