When she was three  
Her Barbies always did it on the first date  
And now she's with me  
So there's never any need for them to demonstrate

'Cause she's like a baby, I'm like a cat  
When we are happy, we both get fat  
And still it's never enough, it's never enough  
No, it's never enough

So I don't tend to worry 'bout the things that other  
people say  
And I'm learning that I wouldn't want it any other way  
Call me crazy, it really doesn't matter  
All that matters to me is she

Her life in a nutshell  
No way would she want it to change me  
It's not that easy 'cause  
My time is often decided for me, for me

She memorized  
Every pencil crayon color in the box  
Her blue-green eyes  
Complement the burnt sienna in her locks

She's at the movies, I'm on the phone  
And when we're separated, we're never alone  
But still it's never enough, it's never enough  
No, it's never enough

So I don't tend to worry 'bout the things that other  
people say  
And I'm learning that I wouldn't want it any other way  
Call me crazy, it really doesn't matter  
All that matters to me is she

Her life in a nutshell  
And no way would she want it to change me  
It's not that easy 'cause  
My time is often decided for me, for me

Well, I fell down with no one there to catch me from  
falling  
Then she came 'round  
And only her tenderness stopped me from bawling my  
eyes out  
I'm okay and that's why

Her life in a nutshell  
No way would she ever want it to change me  
It's not that easy 'cause  
My time is often decided for me

And I don't tend to worry 'bout the things that other  
people say  
And I'm learning that I wouldn't want it any other way  
Call me crazy, it really doesn't matter  
All that matters to me is she
