Dive down, dive down  
Into the cool green water  
Swim around, swim around  
By the fish and otters

Louis Loon  
Louis Loon

Flap your wings, flap your wings  
You're picking up speed  
Soon you'll spring, soon you'll spring  
High above the trees

June the beaver  
Below you'll leave her  
Gnawing on sticks, gnawing on sticks  
With another dam to fix

Louis Loon

She hears your song  
Echoing over lakes and hills  
Lonely and long  
Sometimes it's high, sometimes with a trill

Wherever you are  
You are admired from afar

But just around the bend  
You can always call your friends, call your friends

Splash, splash, splash, splash  
Come on in and land  
In a flash, in a flash  
You're under water again  
Looking to see when you surface where you'll be

Won't you stay? Won't you stay?  
Your friends want to play  
Won't you stay? Won't you stay?  
Your friends wanna play

Won't you stay? Won't you stay?  
Your friends wanna play  
Won't you stay? Won't you stay?  
Your friends want to play

Won't you stay? Won't you stay?  
Your friends wanna play  
Won't you stay? Won't you stay?  
Your friends wanna play
