The moon is full
But there is an incompleteness
The days are beautiful
But I feel a bitter sweetness

If I had a wish
Or even a choice
I'd wake up
To the sound of your voice
How I miss waking up
To the sound of your voice

I let you down
And fell right off your good list
I hope each day you'll find
Peace and forgiveness

The alarm clock rings
What a lonely noise
And I long for
The sound of your voice
How I miss waking up
To the sound of your voice

Take it from me
There's not much to see
In this void

The saying goes
There will be other dances
This little song is about
Second chances

Just say the word
And I will rejoice
And wake up
To the sound of your voice

How I miss waking up
To the sound, to the sound
To the sound, to the sound
Waking up

To the sound of your voice

Take it from me
There's not much to see
In this void
