I never jumped in and rescued you
But I wanted to
I didn't tell you which way to go
'Cause I thought you'd know

You had a problem with your new found wealth
Brought it on yourself
I never told you I told you so
But I told you so

Have to let it go
It's time to let it go

Now I can't believe
It took so long to leave
Perhaps one day I'll grieve
Or I never will

I never told you I agreed with you
I don't think I do
I wasn't sure quite what the whole thing meant
But I'm glad you went

I never thought that it could be painless
But it is I guess
I had myself fooled into needing you
Did I fool you too?

Have to let it go
It's time to let it go

Now I can't believe
Took so long to leave
Perhaps one day I'll grieve
Or I never will

Viral infection, that can incubate for years
Caused by affection, fallen deep into arrears
No medication, to procure
Makes me pure, there's no cure, I am sure

I never mentioned how I've prayed for you

Now I've paid for you
I never said that I would wait for you
It's too late for you

It's time to let it go

Now I can't believe
It took so long to leave
Perhaps one day I'll grieve
Or I never will
Or I never will
I never will
(La re la re ha)
Or I
(La re la re la)
Oh I
(La re la re la)
Oh I
(La re la re la)
I never will
(La re la re la)
Never will
(La re la re la)
(La re la re la)
(La re la re la)
(La re la re la)
