You say, "Why does everything revolve around you?"  
You say, "Why does everything I do confound you?"  
You say that I pulled the world from under you,  
You can't go through it this time

And I could be good, and I would - If I knew I was  
understood  
And it'll be great, just wait - Or is it too little too late?

One day, this embarrassment will fade behind me  
And that day I could think of things that won't remind  
me  
But these days it's unbearable for both of us  
We can't discuss it this way

I'm gaining strength, trying to learn pull my own weight  
But I'm gaining pounds at the precipice of Too Late

Just Wait

I could be good, and I would - If I knew I was  
understood  
And it'll be great, just wait - Or is it too little too late?

Record and play, after years of endless rewind  
Yesterday wasn't half as tough as this time  
This time isn't Hell,  
Last time, I couldn't tell  
This mind wasn't well  
Next time, hope I'm...  
Going to be good, and I would -  
If I knew I was understood  
And it'll be great, just wait -  
Or is it too little too late?  
Good, and I would -  
If I knew I was understood  
And it'll be great, just wait -  
Or is it too little too late?
