Universal Eyes  
Red Eyes  
White Eyes  
Black Eyes

Oh, oh, why you wanna give me a black eye  
I'm not the best man in this world, but I know that I'll do  
Oh, oh, why you wanna give me a black eye  
I'm not the best man in this world, but I know that I'll do

Coffee at 7 and then I'm at work by 9  
I always thought the carefree style would be the way I  
lived my life  
Been trippin on 1992 when all you did was smile  
I guess that that's what was on my mind the day I  
asked you to be my wife

Now I say oh, oh, why you wanna give me a black eye  
I'm not the best man in this world, but I'm the best one  
for you

I put away one day this week it was just for you and me  
There was nothing much to fight about as far as I could  
see  
Do you remember when I was 8 and you were 5  
I spent a lifetime with you girl and now you sock me in  
my eye

So I say oh, oh, why you wanna give me a black eye  
I'm not the best man in this world, but I'm the best one  
for you

Black eye, the soul brains, human rights

Don't put on the cure  
Don't put on the smiths  
Don't put on the skinny puppy  
Don't put on the cure  
Don't put on the smiths  
Don't put on the echo belly (She drives me crazy)  
Don't put on the cure  
Don't put on the smiths

Don't put on the duran duran (and I can't help myself)  
Don't put on the cure  
Don't put on the smiths or I'll put on the minute men  
Don't put on the cure  
Don't put on the smiths  
Don't put on the o.m.d.  
Don't put on the cure  
Don't put on the smiths it'll be a catastrophe  
Don't put on the cure  
Don't put on the smiths  
Don't put on the dead or alive  
Don't put on the cure  
Don't put on the smiths or I'll put on the capitol eye

Love and creation  
Jah jah jah tell them bout jah nation  
How we have to stand up and live  
And give the children something to have (love)  
And so they got a brand new soul (and devotion)  
And everyone was in control (all commotion)  
God bless jah to lay them  
Yeah, come on in the family

Oh, oh, oh, oh  
Oh, oh, oh, oh, ho  
Oh, oh, oh, oh, ho  
Breakdown

If you asked me I would cross the greatest ocean  
With wieghts tied to my toes  
I would do that  
I would walk over burning coals I would even jump the  
grand canyon on a motor bike  
I would do that  
There's so many things that I would do if you asked me  
to  
But there is this one thing  
You shouldn't ask me, don't ask me  
Don't never never ask me to turn down the Ziggens  
I would not do that  
So don't ask me
