Alright we're gonna try a brand new song out on you  
guys  
Hopefully you'll think it's ok

Maybe I can't find a reason  
To find a place for you now  
I can't believe this is how it happens  
You sleep yourself all over town  
You pound your fists upon my window  
But all it does is make a lonely eerie sound ay  
It's too bad the way you've been looking lately lately  
I found myself spitting on the ground  
Take your time to decide what it's all about  
I'll just fuck around  
I know your troubled but my worries they have doubled  
ya  
And this is my life too  
Go back to bed

Locals come from out of distance  
Gathering like a second home away  
I wash glasses for some kind of living  
Spending my time pouring thoughts away  
Lifes too short inside the beer hall  
I took a swig and I saw jesus on the wall  
Across the street they all regret it now  
Coffee and nicotine would please them all  
Say your good say your bad  
You don't understand  
Don't you have no clue  
Some say your slutty  
But I think your kinda funny ya  
And my life sucks too  
Go back to bed

Alone alone  
Alone alone  
Alone alone  
Oh oh

Say your good say your bad  
You don't understand

You ain't got no clue  
Some say your slutty  
But I think your kinda funny ya  
And my life still sucks too  
Go back to bed
