The first time that I drugged you
You were standing in front of your dad
And the next time that I drugged you
You were dancing so very sad
Doesn't mean that I don't love you
Doesn't mean that I don't want to have your baby
I think about the time when I held your hand and you
gave me scabies
Can't feel my brain
I had a shot of novacaine
Lost in the rain
Lost in the rain

The next time that I drugged you
You passed out it was really cool
And the last time that I drugged you
You were laying at the bottom of my pool
I have so much time to miss you
I look over my shoulder when I take a leak
But I'm not all that paranoid
No one will find me here in Costa Rica
Can't feel my brain
I had a shot of novacaine
Lost in the rain
Lost in the rain
