Have you ever been lost
Have you ever been found out
Have you ever felt all alone
At the end of the day
Ya I'm talking about getting down
Take it easy there's no one around
Just the mirror and you and me, and the tv screen

I was walking down main street
Not the sidewalk but main street
Dodging traffic with flying feet
That's how good I felt
Took a spin in the laundromat
Played a game in the music arcade
Kept winning as the band played
That's how good I felt

Have you ever been lost
Have you ever been found out
Have you ever felt all alone
At the end of the day
Ya I'm talking about getting down
Take it easy there's no one around
Just the mirror and you and me, and the tv screen

Have you ever been singled out
By a hungry man
You're listening to your radio
He's watching your window
When you look in those vacant eyes
How do you harmonize
With the things that you do

Have you ever been lost
Have you ever been found out
Have you ever felt all alone
At the end of the day
Ya I'm talking about getting down
Take it easy there's no one around
Just the mirror and you and me, and the tv screen

There's a comet in the sky tonight

Makes me feel like I'm alright
I've been moving far too fast for my size
I really didn't mean to stay
As long as I have
So I'll be moving on
