Did you want it, you want it, it's on the way
Did you want it, you want it, it's on the way
Did you want it, you want it, it's on the way
Did you want it, you want it, it's on the way

Take all of your pills tell a stranger to stay
Nevermind the decision you won't remember the next
day
What I know, what I really want to know is do you
remember his name

Did you want it, you want it, it's on the way
Did you want it, you want it, it's on the way
Did you want it, you want it, it's on the way
Did you want it, you want it, it's on the way

Say to your friends I will always respect you
Seeing your last boy didn't one of them neglect you
Have another drink nah have another drink
Heres to our friendship girl lets celebrate

And get closer
And your talking about his mommy
Said you wouldn't but I thought you said you would
Said you wouldn't you said that I don't stay

It's on the way
About his mommy
Do you remember the day
Ooh she love me she love me love me
Ooh she love me she love me love me
Ooh

Take all of your pills tell a stranger to stay
Nevermind the decision you won't remember the next
day
What I know, what I really want to know is do you
remember his name
And get closer
And your talking about his mommy
Said you wouldn't but I thought you said you would
Said you wouldn't you said that I don't stay
