Dadoo doodi da doodi dah Doodi dam
Dadoo doodi da doodi dah Doodi dam
Emerald garden dah doodi do dah doodi dam
Emerald garden dah doodi do dah doodi dam

If you go where the clouds kiss the mountains
You might find there a pot of fold a honey jar
You won't find there your passion kindled
Emerald Garden come with me take you there through
crystal wind

Dadoo doodi da doodi dah Doodi dam
Dadoo doodi da doodi dah Doodi dam
Emerald garden dah doodi do dah doodi dam
Emerald garden dah doodi do dah doodi dam

I have not been as others saw me
I have not seen as others saw things
Breezes softly have spoken to me
Emerald Garden come with me take you there through
crystal wind

Dadoo doodi da doodi dah Doodi dam
Dadoo doodi da doodi dah Doodi dam
Emerald garden dah doodi do dah doodi dam
Emerald garden dah doodi do dah doodi dam

So have no fear your task is ended
Your soul will fly higher than the skylark
You too will be as glided butterflies
Emerald Garden come with me take you there through
crystal wind

Dadoo doodi da doodi dah Doodi dam
Dadoo doodi da doodi dah Doodi dam
Emerald garden dah doodi do dah doodi dam
Emerald garden dah doodi do dah doodi dam
