You and I are just like children
We are allways playing games
Even though we love each other
I never said its much the same
If you left me on my own again
Leaving me with so much pain
You hurt me more and more each time

Don't know what I found in you
People ask me all the time
If they knew you like I do
They would't say I'm wasting time
And you left me on my own again
Leaving me with so much pain
You hurt me more and more each time

I don't think we'll ever grow up
as long as you are there
I don't think we'll ever grow up
as long as you are there
Ya know
You and I are just like children yes
You and I are just like children
Just as long as you are there

Don't know what I found in you
People ask me all the time
If they knew you like I do
They would't say I'm wasting time
If you left me on my own again
Leaving me with so much pain
You hurt me more and more each time

I don't think we'll ever grow up
as long as you are there
I don't think we'll ever grow up
as long as you are there
Ya know
You and I are just like children yes
You and I are just like children
Just as long as you are there
