Oh, the things I've sacrificed  
So that I could bring You to this world  
I want them to see You in me  
But, Your name just keeps them far from me, yeah  
So I'll keep quiet  
Let's hope they see I'm different

Jesus, Jesus how's Your name offensive  
Why are we so scared to tell this world You saved us  
When all of the hope of the world's in Your name, yeah  
Why are we so scared to say?  
Oh, Jesus  
Yeah, Jesus

If I avoid to speak Your name,  
Tell me would You do the same to me?  
If relevance becomes my goal  
Tell me will I lose You to its hold  
But, if I keep quit they'll never see I'm different  
Jesus, Jesus how's Your name offensive?  
Why are we so scared to tell this world You saved us?  
When all of the hope of this world's in Your name  
Why are we so scared to say?  
Oh, Jesus  
Woah, Jesus

I'm sorry I've cared about my name more than Yours  
I'm so sorry how could I hide You anymore?  
But, if I keep quiet  
They'll never see I'm different

Jesus, Jesus why's Your name so offensive?  
Why are we so scared to tell this world You saved us?  
When all of the hope of the world's in Your name  
Why are we so scared to say? Yeah  
Oh, Jesus  
Oh, Jesus, Yeah  
Oh, Jesus  
Oh, Jesus
