I've been dreaming for so long
To see you smile right back at me
From where you are

I've been wishing for so long
To see smiling back at me
Like I'm somebody special

But as I aged and as I changed
I left it all behind
Cause now your calls seem kind of mellow(kind of
mellow)

Will I run to you
Even If I'm loosing hours
Will I run to you
Even if I'm loosing hours of sleep
Will I run to you
Even If I'm slowly fading away
Will I run to you
Even If I'm loosing hours
Will I run to you
Even if I'm loosing hours of sleep
Will I run to you
Even If I'm slowly fading away
Will i run to you today

I've been down to long
Yeah I know
I know cause the radio's been playing that same old
song
That same old song

About this regular guy
With regular hopes
And regular dreams gone stale
Coz he doesn't know where to go(where to go)

chorus:
Will I run to you
Even If I'm loosing hours

Will I run to you
Even if I'm losing hours of sleep
Will I run to you
Even if I'm slowly fading away
Will I run to you
Even if I'm losing hours
Will I run to you
Even if I'm losing hours of sleep
Will I run to you
Even if I'm slowly fading away
Will I run to you today

We can find another break time to sit and talk a while
I'll be your king and you'll be my queen and we'll be
dancing all night

But it's getting there, it's getting to me and it's tearing
me apart
Cause he doesn't know where to go (2x)

Will I run to you
