You're the coolest person  
That I have ever seen  
So perfect with your pretty face  
On the TV screen

You're a god I know it  
How you stand above them all  
You are my perfect person  
Man I'd hate to see you fall

Chorus  
I want someone to believe in  
Yeah well don't we all  
In this life of imperfection  
I need someone who won't fall

Got a magazine today  
That was full of you  
Shocked to read the words they said  
Tell me they're not true

Add you to my fallen list  
One more has hit the ground  
The fault was mine  
I held you too high  
Your only way was down

Chorus

Bridge  
I can't deny this need inside  
I have to find the perfect one  
But I wonder if behind my need  
There might just be a reason

Is my life just one big searching  
For the one I can adore?  
It never works  
And I'm just left here wanting more

Could it be this hunger's there  
To drive me to the one

Who's worthy of all worship?  
Would my searching then be done?

Chorus
