She couldn't take one more day  
Home was more her prison now  
Independence called out  
She had to get it

A fight was all she needed  
To give her reason  
She slammed the door with no goodbye  
And knew that it was time

Now she's driving too fast  
She didn't care to glance behind  
And through her tears she laughed  
It's time to kiss the past goodbye

I'm finally on my own  
Don't try to tell me no  
There's so much more for me  
Just watch what I will be

She walked away  
Couldn't say why she was leaving  
She walked away  
She left all she had believed in  
She walked away

Not a day goes by  
For the one she's left behind  
They're always asking why  
And thoughts of her consume their mind

God please let her know  
The love we tried to show  
We'd promise anything  
If you'd just bring her home

She walked away  
Couldn't say why she was leaving  
She walked away  
She left all she had believed in  
She walked away

Tell her we love her  
Tell her she's wanted  
One more thing God  
Tell her please come home  
Please come home

She walked away  
Couldn't say why she was leaving  
She walked away  
She left all she had believed in  
She walked away

She walked away  
Couldn't say why she was leaving  
She walked away  
She left all she had believed in

The choice is yours alone now  
Tell me how this story ends
