I'm sick of working this gasoline station
Pumping gas total frustration
Fillin' tanks with oil and water
Soakin' up grease like a fool ink blotter
But I ain't stupid tonite I'm quittin'
I got de no pumped de pumped out
De pumped out blues
My baby loves lovin' like there's no tomorrow
Ten times through and she still wants more
Wringin' me out like an old sponge
She rolls and hugs and bites my buns
But I ain't Superman tonite I'm quittin'
I got de no pumped de pumped out
De pumped out blues
Pumpin' 'cross the USA yeah

Pumpin' all night and all day yeah
Down on de boulevard they're pumpin'
They're pumpin' in Lumania too
Pumpin' pumpin' pumpin' pumpin' pumpin'
I got de no pumped de pumped out
De pumped out blues
I can't pump no more
I'm sick of working this gasoline station
All I get is aggravation
Do this do that check that too
Well I got better things to do
I ain't stupid tonite I'm quittin'
I got de no pumped de pumped out
De pumped out blues
Yeah.
