Jake leg!  
Steal this wine away  
Flay me  
Underneath the brine

Running away  
Through the sick and the pure  
"Mind your feet!" lest they firmament tread

Crawl past the soft  
Spiraled sinewy teeth  
"Soiled dove!" steal the fruit of it's jaws  
Lady!  
Keep those hounds at bay  
Feed me  
The fruits of Avalon

The body's a vessel  
The hands find a cure  
"Flesh is weak!" and my lip needs a meal

Weak in the knees  
And you're wet on the floor  
"Ace of staves!" we will dance evercome
