You lead the way, I'll follow  
You lead the way, I'll follow

What was the plan here?  
I can't seem to stop  
Pissing and screaming from bottom to top.  
x

Did you feel another way  
Was it, my turn, or your's to say?  
Did you find another way?

Take my bones away  
I'll find 'em everyday!  
Take my bones away  
I'll find 'em everyday!

I took your advice and the requisite pills  
Forbidden pie from a white windowsill  
x  
Did I tell you don't come home?  
Why was your life not beginning to fall?  
Did I tell you don't come home?

Take my bones away  
I'll find 'em everyday

Take my bones away  
Take my bones away  
Take my bones away  
Take my bones away  
Take my bones away  
Take my bones away
