On the intercom Rosie tell me to come
Said she didn't have a daughter she did have a son
She said the lift doesn't work run up the stairs and
come
And if you don't come quick your not gonna see your
son
So I grab a bunch of rose, and I started to run
Here I come
Whaoh

Two months later she said come and get your son
Cause I don't want your baby to come tie me down
Because you are old, and I am young
Yes while I'm young yes I want to have some fun
Run me down
Whaoh... seen

CHORUS

I'm broad, I'm broad,
I'm broader than broadway
Yes I'm broad, I'm broad,
I'm broader than broadway

When you go to volcano it's like a stage show
You have man that sling, DJ, and boh
Pull it down... ?
