You're my everything  
The sun that shines above you  
Makes a blue bird sing  
The stars that twinkle way up in the sky  
Tell me I'm in love

When I kiss your lips  
I feel the rolling thunder  
Through my fingertips  
And all the while my head is in a spin  
Deep within I'm in love  
You're my everything

And nothing really matters but the love you bring  
You're my everything  
To see you in the morning with those big brown eyes  
You're my everything  
Forever and a day I need you close to me  
You're my everything  
You'll never have to worry have no fear for I am here

For my everything  
I'll live upon the land  
And see the sky above  
And swim within the ocean sweet and warm  
There's no storm my love

When I hold you tight  
There's nothing that can harm you  
In the long night  
I come to you and kiss you very warm  
Oh you're so strong my love

You're my everything
