Looks like a, looks like a job, job, job for, job for

Birdman, look, looks like a, looks like a
Looks like a job, job, job for, job for
Birdman, look, looks like a, looks like a
Looks like a job, job, job for, job for

Birdman, look, looks like a, looks like a
Looks like a job, job, job for, job for
Birdman, look, looks like a, looks like a
Looks like a job, job, job for, job for

Yeah, I'm on a mission
Lil' Daddy to scoop in the Caddy
Go visit Ms. Gladius, B to A to B Y, biatch
Somethin' so fly an' somethin' so slick

24's, 28's, got to be better
18's never, nigga, whatever
It's the New Orlean's finest, biatch
I'm a worldwide rider with that Gucci an' Prada shit

Look like I got to uplift my Prada
Get a few dollars, holla at a model
Nigga, if it ain't money, it can't beat me
I'm platinum from the neck, wrists, finger an' teeth

[Incomprehensible] an' I'm so ooh
Get outta line, watch me bust my 2
I ran out the house an' I ran in the building
Them people was comin', "Hands up", ya feel me?

Birdman, look, looks like a, looks like a
Looks like a job, job, job for, job for
Birdman, look, looks like a, looks like a
Looks like a job, job, job for, job for

Birdman, look, looks like a, looks like a
Looks like a job, job, job for, job for
Birdman, look, looks like a, looks like a
Looks like a job, job, job for, job for

I'm the bird of the nest, the shark of the sea
Hungry dog on the concrete that's tryin' to eat
Nobody move me 'cause I be who I be
The uptown rider, the home CMB

I get what I want, when I want I could have it
Lexus, Bentley an' the Jag, nothin' average
Never got married but I'm lovin' Ms. Gladius
Bird lady in that brand new Caddy

I'm a boss, nigga, nothin' less, two boats, no cost,
nigga
Fly, nigga, hold your hearts, nigga
That what Daddy told me, Mommy told me
Stand my grounds, be a man, homie

No quarters, no halves with them wholes thang
Fuck it, pitch in, nigga an' don't fuck with them
chickens, man
Flip whatever from cars, rims an' bucks
Live this life like you don't give a fuck, nigga

Birdman, look, looks like a, looks like a
Looks like a job, job, job for, job for
Birdman, look, looks like a, looks like a
Looks like a job, job, job for, job for

Birdman, look, looks like a, looks like a
Looks like a job, job, job for, job for
Birdman, look, looks like a, looks like a
Looks like a job, job, job for, job for

Do donut, swing around an' come around the corner
Change feathers twice, come back with the homies
That fly shit, that Prada an' Gucci sheets
Feather to the floor with swine on her feets

Bezel that glow with the 9 on the seats
An' whether that's snow or white mink on me
See, I'm hustlin' leathers, I'm chasin' cheddars
That's Eminem's bitch, it gets no better

With the wide D lips, with the custom leather
An' I ball like a dawg, hood rich forever
See I'm iced all up with that chrome metal
Fully equipped with the Coogi sweater

But it's the Birdman Daddy, I run with the bird game
Birds got to have it with my birdy change
But it's the big thangs on that big range, stop an' goes
26's, 28's, it's the Birdman

Birdman, look, looks like a, looks like a
Looks like a job, job, job for, job for
Birdman, look, looks like a, looks like a
Looks like a job, job, job for, job for

Birdman, look, looks like a, looks like a
Looks like a job, job, job for, job for
Birdman, look, looks like a, looks like a
Looks like a job, job, job for, job for

Birdman, look, looks like a, looks like a
Looks like a job, job, job for, job for
Birdman, look, looks like a, looks like a
Looks like a job, job, job for, job for

Birdman, look, looks like a, looks like a
Looks like a job, job, job for, job for
Birdman, look, looks like a, looks like a
Looks like a job, job, job for, job for

Birdman, Birdman

Birdman, look, looks like a, looks like a
Looks like a job, job, job for, job for
Birdman, look, looks like a, looks like a
Looks like a job, job, job for, job for

Birdman, look, looks like a, looks like a
Looks like a job, job, job for, job for
Birdman, look, looks like a, looks like a
Looks like a job, job, job for, job for

Birdman
