Ghan-buri-ghan already stayed behind
At the front icy winds change
Armies of Rohirrim advancing!

ThÃ©oden gets prepared
To have a wrathful break through
Gondor is in flames
The war is announced in Minas Tirith

[ThÃ©oden:]
"Spear shall be shaken
Fell deeds awake: fire and slaughter
A sword-day, a red day,
Ere the brightful sun rises!"

Ã©oreds to the field
Pelennor roars strenuously
The dark goes away
For a moment they sang as they slew!

But soon evil shades
Return and watch out for the King
The Lord of the NÃ©zgul enters to kill!

Snowmane fulfilled in horror
Crashed upon his own side
A black dart had pierced (him)
The King fell beneath him

Alongside Dernhelm was not so
And stared stumbleless there
Facing darkness with courage
Before Evil protecting his own kin
His own kin!

Merry struggles to combat
Page of the King
Ã©owyn and the NÃ©zgul
They enter to fight!

The Ringwraith rushed over her ruthlessness
Unloading the mace

Árwen stumbled

Merry reacts stabbing his sinew
Náczgul in pain
Uncertain end!

Struggling up the lady in assembled rage
Broke her sword into de Ringwraith's mantle!

Meriadoc, in courage, blinded in tears

[Thoden:] "Farewell Hobytla"
Gone has The Old King
Árwen with him...

... Save new king of the Mark, Éomer!

The battle in Pelennor fields
Was far from a sure end
Haradrim with Námakil
Osgiliath followers!

Then suddenly in the Anduin
Ships came over from seas
[Éomer:]
"To hope's end we have now reached
Now for wrath, now for ruin, now for a red nightfall!"
Claimed Captain Éomer to his roughful people

But the standard from the foremost ship was not black
It flowered with a white tree and seven stars, and within

Legolas and Gimli
Aragorn and Dánedain
Mordor Darkness OUT!!!
