Do you believe in the valley of dolls  
Were you achieved in the valley of dolls  
Born from porn we'll weather the storm  
Take the little black bull by the sacred horn  
Achieved in the valley of dolls

Were you conceived in the valley of dolls  
Haven't seen you since  
Were you there at all  
Were your locks shorn in the temple above  
Did you lose yourself with a siren of love  
Deceived in the valley of dolls

Achieved in the valley of dolls  
Believed in the valley of dolls  
Conceived in the valley of dolls  
Deceived in the valley of dolls
