(If you go) I'll sit here, trying not to see how lonely life  
will be without you  
(If you go) I'll wait here for the phone to ring,  
pretending I don't care about you  
(If you go) You'll think I didn't shed a tear while deep  
down here my heart is dying  
(If you go) I'll let you walk right out the door and then  
I'm sure that I'll start crying  
If you go, my happiness will go with you  
My life, my love, what will I do?  
I can go on without love and all my love goes with you  
If you go, I'll take your picture from the wall  
And tell my friends that it was all a little game  
But just the same, I'll still be sad if you go

(If you go) I'll meet our friends, I'll take a drink and  
then I'll start to think about you  
(If you go) You'll turn my blue skies into grey for that's  
the way it seems without you  
(If you go) There'll be no sun up in the sky as long as I  
am left in sorrow  
(If you go) I've given all that I can give, how will I live  
until tomorrow  
If you go, I want the sweeps, I'll play the game  
But it will never be the same  
I'm addicted to you  
What will I do if you go?  
If you go, I'll pull the blinds, I'll close the door  
So that our friends just won't know I'm broken up, I will  
die  
My race is run, if you go
