No sleep last night, I been dreaming of you  
Please hold me tight  
I just can't help the way that I feel  
I just can't help the way that I feel  
Deep in the night you took my heart  
Now danger's in sight  
I just can't help the way that I feel  
I just can't help the way that I feel

Girl you make my love come down  
Girl you make my love come on down  
All the way down  
Girl you make my love come on down  
Can't do without your tender love  
There's no way out  
And I can't help the way that I feel  
I just can't help the way that I feel

Girl you make my love come down  
Girl you make my love come on down  
All the way down  
Girl you make my love come down

All the way down  
Girl you make my love come on down  
You make my love come down  
Girl you make my love come on down  
You make my love come down  
Girl you make my love come down  
All the way down  
Girl you make my love come on down
