Now I like the way you move.
Anyway that you make it work.
And you offer something new.
And the doorway is open for me.

Now a man needs a woman.
And I know that for me is true.
And life, we got too much reality.
There's gotta be other things to do.

Me electrify you.
Simply mystify you.
Very strange but nice.

Now somebody wrong.
And somebody right.
And somebody knows
It's neither one thing or the other.

It's a fine line
Between taking and giving.
It's a fine line.

It's fine line
Between dancing and making love.
It's a fine line.

I can see the possibility.
Anyway that you wanna be.
We all got secret emotions.
Anytime after the midnight hour.

Now love, don't get short on the action.
Anyway you got the energy.
My heart is a part of the plans you made.
You're the star of my sexual fantasy.

Me electrify you.
Simply mystify you.
Hope you stay all night.

I'll have you for dinner

Or breakfast in bed.

Either way I get you
For the worse or for the better.

It's a fine line
Between taking and giving.
It's a fine line.

It's a fine line
Between dancing and making love.
It's a fine line.

Oh oh

It's wild, it's weird, it's what we think about.
This ain't no strip, club, shame on you 'cause
You know somebody that got a bead on what you need.
Don't sacrifice your love.
You analyze, don't minimize
What only you can rise above.

Now, I know that, don't you think
I know you're watching me.
You got no claim to make.
Well, that's no excuse.
And know the truth.
You got brain drain, long as there's a game to play.
Sad, but there's only one fool to blame.

It's a fine line, fine line...

You don't think my love should tie you down.
I say love can turn your groove around.
Watch me please you.
Watch me play your game.
Someday love will make your water flow.

It's a fine line, fine line...
