Take another step, tell another lie
Hide another tear in the corner of your eye
I don't understand
What kind of game is this we're playing

Dancin' in the dark, shadow's in the night
Slowly going wrong, trying to make it right
The silence is so loud
I can't hear the words we're saying

Anyone can do the heartbreak
Everybody knows the dance
Oh, it's so easy to do
You tear a dream in two to kill a true romance

Anyone can do the heartbreak
Anyone can make love end
It's gonna take a little pain
Some fire and some rain to bring it back again

I know you're afraid, baby, so am I
You think you're going to fall, all you want to do is fly
We're up against the wall
And love is the chance we're taking

So baby, look into my heart, tell me can't you see
I belong with you, you belong with me?
When I hold you in my arms
We can hear the music playing

Anyone can do the heartbreak
Everybody knows the dance
Oh, it's so easy to do
You tear a dream in two to kill a true romance

Anyone can do the heartbreak
Anyone can make love end
It's gonna take a little pain
Some fire and some rain to bring it back again

And it's one step forward and two steps back
Well, we keep on moving

But we're only losing ground
We've got to turn this love around

Anyone can do the heartbreak
Everybody knows the dance
Oh, it's so easy to do
You tear a dream in two to kill a true romance

Anyone can do the heartbreak
Anyone can make love end
It's gonna take a little pain
Some fire and some rain to bring it back again

Anyone can do the heartbreak
Everybody knows the dance
Oh, it's so easy to do
You tear a dream in two to kill a true romance

Anyone can do the heartbreak
Anyone can make love end
It's gonna take a little pain
Some fire and some rain to bring it back again
