Featuring: Phyllis Hyman

There are no stars tonight
There are no words to say
I feel my soul losing you

Where did the good times go
Baby what can we do
Color our love

Black and blue
Black and blue

When our hearts were young
Clinging to each other
Moonlight used to glow

When our hearts were young
Then there was no other

Why'd we let it go

Down on the avenue
You can forget your name
Paint pretty pictures, false and true

Picture what we've become
Running is all we do
Color our love

Black and blue
Black and blue

Looks like a storm tonight
Look like a storm tonight
A storm is overdue
A storm is overdue
Color our love
Color our love

Black and blue
Black and blue
