Sleep baby, sleep  
lose yesterday's blues  
when you're ready for morning  
have I got news..  
our ship's in the harbor...  
the street's turning gold  
whatever you're dreaming , it's no longer on hold..  
Dream baby, dream  
while you were asleep  
I had mountains to climb and a promise to keep  
now home is the hunter and holding the prize  
I'm waiting tell you when you open your eyes

(chorus)

Bring on tomorrow for me and for you  
we hung on through dark hours..dawn's overdue  
bring on tomorrow and show me the sun  
we'll live it together cause you are the one.

Smile baby, smile

through canyon's of night  
but you'll really be smiling by morning's light  
they told us we're crazy  
they promised I'd lose  
forgive and forget them...  
they're yesterday's news..

(chorus)

Bring on tomorrow for me and for you  
we hung on through dark hours...dawn's overdue  
bring on tomorrow and show me the sun  
we'll live it together cause you're the one..

Without you it's nothing..  
why else would I climb?  
Together forever, hearts beating in time..  
Oh...bring on tomorrow for me and for you...  
we hung on through dark hours, dawn's overdue  
bring on tomorrow and show me the sun..

we'll live it together cause you are the one
