Take it from me
Everything's gonna be all right
You wait and see
Everything's gonna be all right

Take it from me
Everything's gonna be all right
You wait and see
Everything's gonna be all right
I can see the future
Starin' right at me
I'm here to inform you
I like what I see

And here's the key
Everything's gonna be all right
You wait and see
Everything's gonna be all right

Shoutin' hallelujah
From the day 'til the night
Everything is gonna be all right
Shoutin' hallelujah
From the day 'til the night
Everything is gonna be all right
All right!

Sure, you'll hit resistance
In anything you do
Depend on persistence
And ride that dream on through

And there you'll be
'Cause everything's gonna be all right
You wait and see
Everything's gonna be all right

Shoutin' hallelujah
From the day 'til the night
Everything is gonna be all right
Shoutin' hallelujah

From the day 'til the night
Everything is gonna be all right
All right!

Shoutin' hallelujah
Joy is comin' to ya
Everything is gonna be all right
Singin' to remind you
Happiness will find you
Everything is gonna be all right

That's right
Everything is gonna be all right
That's right
Everything is gonna be all right
That's right!
