Friends, you gotta have friends
Friends, you gotta have friends

Now you got to have friends
You know the feelings all so strong
You got to have friends
To make that day last long

I have me some friends but now there gone
Some think came and took them away
And from the dusk until the dawn
Here is where I'm going to stay

Hey well I'll stand right here
At the end of the road
And I'll wait for the new friends to come
Well I don't care if I'm hungry or cold
I got to get me some

Talking about friends
Miles and miles and miles of friends
Lot and lots and lots of friends
You got to have friends

Talking about friends
Hey do you know what I mean?
Everybody's has got to have friends

You got to have friends

And some friends but there gone gone
Something came and took 'em away
And from the dusk till the dawn
Here ,here is where I'll stay

And I'm standing at the end of a long, long road
And I'm waiting for my new friends to come
I don't care if I'm hunger or freezing cold
I got to get me some of them

Talking about friends
You got to have friends

You know you get yours I'll get mine
I got to baby

Talking bout friends
Miles and miles and miles of friends
Lots and lots and lots of friends
You got to have friends

Talking bout friends
Miles and miles and miles and miles of friends
Friend, friends, friends, friends, friends
You got to have friends

Talking bout friends
Hey oh, friends
