I've got some good news in my pocket
I've got some bad news in my mind
If I don't tell you all about it
They'll be some changes, changes, changes going
down
Going down

Now the good news is to give away power and glory
And the bad news is a long and a very sad story
I've got the power and you've got the know how
Long as we hang on and not to let go
We can make it, we're gonna make it
Yeah we can make it long as we hang on to good news

There is bad news known as heartache
I've got some good news known as hope
If I don't tell you all about it
They'll be some changes, changes, changes going
down
Going down

Now the bad news, are the people who say I should
leave you
And the good news, is the dreams that you have I'll
believe you
You've got the know how and I've got the muscle
As long as we hang on, we can make it
We're gonna make it, long as we hang on to good news

You've got the know how and I've got the muscle
As long as we hang on, we can make it
We're gonna make it, long as we hang on to good news
