When I wake up everyday  
I miss you  
and it never goes away  
I miss you  
people smile and while  
I take and even laugh  
I'm not even half the man they knew  
without you  
when I'm in our bed each night  
and I turn out the light  
oh how I miss you

little things reminding me about you  
who will I annoy again, if not you?  
in my silent room sometimes  
I'll close my eyes  
and I whisper sweet good-byes  
you'll never hear  
Esther dear.....  
fifty years, Ester and Joe  
tell me how could this be so?  
oh how I miss you

was I there  
when you needed me to be there?

could you see  
there wasn't one day  
when you weren't my best girl?  
though we both drove each other crazy  
I love all the love you gave me  
and you where all that mattered  
in my world

everyday I love you more  
and miss you  
and I wish you knew  
that through the darkest night  
you are still the light  
that helps me find my way  
and I pray

one day we will meet again  
and all this emptiness will end  
and I will kiss you  
'till that day  
though we're apart  
I'll hold you close  
here in my heart  
but God  
I miss you
