Who wanna thought  
After rolling others  
Looking at you  
I wanna be your lover.  
You want regret  
If you agree  
You and me

So, let me love you and  
I'll make you music  
Sing you love songs  
Hold you near me  
All the night long  
Make you music  
Sing you love songs forever

Make you music  
Sing you love songs  
Hold you near me  
All the night long  
Make you music  
Sing you love songs forever

Now that you're here  
I don't need no other  
No use pretend  
And we're sister and brother  
Now that I've got to your  
Wait and see  
You and me

So, let me love you and  
I'll make you music  
Sing you love songs  
Hold you near me  
All the night long  
Make you music  
Sing you love songs forever

Make you music  
Sing you love songs

Hold you near me  
Turn the light on  
Make you music  
Sing you love songs forever

Make you music  
Sing you love songs  
Hold you near me  
All the night long  
Make you music  
Sing you love songs forever

Make you music  
Sing you love songs  
Hold you near me  
Turn the light on  
Make you music  
Sing you love songs forever  
And ever, and ever, and ever...

Make you music  
Sing you love songs  
Hold you near me  
All the night long  
Make you music  
Sing you love songs forever
