Play our love's theme tonight
My love's here, it's no dream tonight
It's been oh so long
Since we've danced to our love song

And I just know the melody that made him mine
Will be the melody that keeps him close to me, Love's
theme

Play our love's theme once more
Make him feel, like him felt before
While the lights are low
Please, let the music flow

And I just know that the melody that made him mine
Will be the melody that keeps him close to me, Love's
theme

Come on and play our love's theme again
Touch his heart, touch his soul and then
Once we sip the wine
His lips will come to mine

And I just know that the melody that made him mine
Will be the melody that keeps him close to me, Love's
theme
