Her name is Lola  
She's from Tulsa, yeah  
Just arrived, two suitcases in hand  
And a dream in her heart

Just arrived track seventeen  
All the way from Tulsa Okla-nowhere  
Where's her chauffeured limousine?  
Where's the marching band?

Just in time to take the town  
And though her knees are shaking  
She's making her stand

It all starts now  
I can see her name in neon  
I won't allow  
Anyone to disagree

Don't ask me how  
But before too long  
She'll be on some marquee  
New York or bust  
She's just arrived

Just arrived track seventeen  
(Just arrived track twenty four)  
All the way from Tulsa Oklahoma  
(All the way from St. Paul, Minnesota)  
(All the way from Fargo, North Dakota)

Though she's still a little green  
(Marching through the open door)  
When she left, she left her past behind  
(Wonder what she'll find)  
Just imagine, here she is the girl from work  
(The soda jerk)  
(The grocery clerk)  
The kid they all made fun of

Is one of a kind

It all starts now  
Look who's currently appearing  
This girl's a wow  
All the magazines agree

She'll take her bow  
And the world will all be cheering, wait and see  
New York or bust  
She's just arrived

Hey  
(Hey, which way's uptown?)  
Somebody said they're auditioning for south pacific  
(Where's the palace?)  
Say  
(Hey, she's from Dallas!)  
Somewhere I read they need lookers and she looks  
terrific  
(That one's Alice!)

This is her moment  
(Hey, world here I come)  
She knows it she can taste it  
And she sure ain't gonna waste it  
Cause it's time she faced it

It all starts now  
(Right now)  
I can see her name in neon  
(I can see her name in blazing neon)  
This girl's a wow  
(And how)  
All the magazines agree  
(No way anyone would dare to disagree)

She'll take her bow  
(Oh, wow)  
And before too long she'll be on some marquee  
Gathering dust  
She just survived

Now, New York or bust  
She's just arrived  
Hey world  
She's just arrived
