If you're looking for the dream you dreamed of  
Open your eyes  
If you're looking for the one and only  
In your life, oh darling

If you're looking for a friend to turn to  
Someone to care  
When all the world is out to hurt you  
I'll be there, oh darling

Reach out your hand, reach out for me  
I'll be walking beside you  
Through it all  
And we'll stand tall

When we're blown by the wind  
Torn by the storm  
We'll always find the love we need  
To keep each other, keep each other warm

Well you talk about toleration  
Well I know the score  
And if you ever want liberation  
There's the door, oh darling

Living in love is bittersweet  
You've got to have faith on a lonely street

But I'll be walking beside you  
Through it all and we'll stand tall

When we're blown by the wind  
Torn by the storm  
We'll always find the love we need  
To keep each other warm

Come sail into my arms  
The harbor of my heart  
And trust that love is all we need  
To keep each other, keep each other warm

Blown by the wind

Torn by the storm  
We'll always find the love we need  
To keep each other warm

Come sail into my arms  
The harbor of my heart  
And trust that love is all we need  
To keep each other, keep each other warm

We'll keep each other warm  
We'll keep each other warm  
We'll keep each other warm  
We're gonna keep each other warm

We'll keep each other warm  
We'll keep each other warm  
We'll keep each other warm
