Let's take some time to say goodbye
Why don't we wait until the morning comes around
Gotta lot to say
Before you go away
Let's take some time to say goodbye

Let's turn the minutes into hours
You make the coffee and we'll sit beside the fire
I need a longer night
To change the wrong to right
Let's take some time to say goodbye

When did the change come
Whatever made it come
Where did the love go
Why did it ever go

I can't believe I'll never see you again
It was the loneliness will be till then
Hope the sun will never shine
From here on in they'll never be another time
Whatever morning brings
Will make the best of things
Let's take some time to say goodbye

Whatever morning brings
Will make the best of things
Let's take some time to say goodbye
