There you are
Looking just the same as you did last time I touched
you
And here I am, close to getting tangled up inside the
thought of you
Do you love him as much as I love her
And will that love be strong when old feelings start to
stir

Looks like we made it
We left each other on the way
To another love
Looks like we made it
Or I thought so til today
Until you were there everywhere
And all I could taste was love the way we made it

Love's so strange
Playing hide and seek with hearts and always hurting
And we're all fools standing close enough to touch
those burning memories
And if I hold you for the sake of all those times love
made us lose our minds
Could I ever let you go

All know we made it
We left each other on the way
To another love
Looks like we made it
Or I thought so til today
Until you were there everywhere
And all I could taste was love the way we made it

Looks like we made it
Left each other on the way
To another love
Looks like we made it
Or I thought so til today
Until you were there everywhere
And all I could taste was love the way we made it
Looks like we made it

I say we made it
We've got to make it
