One voice singing in the darkness
All it takes is one voice
Singing so they hear what's on your mind
And when you look around you'll find
There's more than one voice singing in the darkness
Joining with that one voice
Each and every note another octave
Hands are joined and fears unlocked
If only one voice should start it on it's own
We need just one voice facing the unknown
And then that one voice would never be alone
It takes that one voice
I've been alive forever, and I wrote the very first song
I put the words and the melodies together
I am music and I write the songs
I write the songs that make the whole world sing
I write the songs of love and special things
I write the songs that make the young girls cry
I write the songs, I write the songs
And maybe the old songs will bring back the old times
Maybe the old lines will sound new
Maybe she'll lay her head on my shoulder
Maybe old feelings will come through
Maybe we'll start to cry and wonder why we ever
walked away
Maybe the old songs will bring back the old times and
make her wanna stay
We're goin' hoppin' (Hop)
we're goin' hoppin' today
where things are poppin' (Pop)
the Philadelphia way
we're gonna drop in (Drop)
on all the music they play
on the Bandstand (Bandstand)
We're goin' swingin' (Swing)
we're gonna swingin' the crowd
and we'll be clingin' (Cling)
and floatin' high as a cloud
The phones are ringin' (Ring)
My mom and dad are so proud
I'm on Bandstand (Bandstand)
And I'll jump, and hey, I may even show 'em my

handstand
because I'm on, because I'm on the American
Bandstand
when we dance real slow I'll show all the guys in the
grandstand
what a swinger I am, I am on American Bandstand
I don't want to walk without you baby

I don't want to walk without you, Baby
Walk without my arm about you, Baby

Oh, Baby, please come back or you'll break my heart
for me
'Cause I don't want to walk without you
No, siree
Last night, I waved goodbye, now it seems years
I'm back in the city, where nothin' is clear
But thoughts of me, holdin' you, bringin' us near
And tell me
When will our eyes meet?
When can I touch you?
When will this strong yearnin' end?
And when will I hold you again?
Even now when I never hear your name
And the world has changed so much since you've been
gone
Even now I still remember and the feeling's still the
same
And this pain inside of me goes on and on, even now
Even now when I have come so far
I wonder where you are
I wonder why it's still so hard without you
Even now when I come shinin' through
I swear I think of you and God, I wish you knew
Somehow, Somehow
I saw you at the Beechwood Cafe
You looked at me and then you looked away
That was some kind
Some kind of friend you turned out to be
You said you had places that you had to be
Now who is gonna be there for me
That was some kind
Some kind of friend you turned out to be
Lady that was some kind
Some kind of friend you turned out to be
Baby that was some kind
Some kind of friend you turned out to be

(City rhythm, oo, city rhythm, oo, city rhythm, oo)

When my heart (city rhythm) is torn apart (oo)

By the love I wish I had
Well, I spend my (city rhythm) nights in the city's lights
(oo)
And things don't seem so bad
Ya know the movement seems to soothe me
And the tempo takes control
And I lose my blues
When the New York City rhythm fills my soul
It's the New York City rhythm runnin' though life (city
rhythm)
The poundin' beat of the city streets that keeps my
dreams alive

I'm lost (I'm lost), I'm found (I'm found)
I'm up (I'm up), I'm down, (I'm down) but somehow I
survive
It's got to be the New York City rhythm in my life
Oh, it's got to be the New York City rhythm in my life, in
my life
At the Copa (CO!), Copacabana (Copacabana)
The hottest spot north of Havana (here)
At the Copa (CO!), Copacabana
Music and passion were always the fashion
At the Copa....they fell in love
If I could find the words then I would write it all down
If I could only find a voice I would speak
But it's there in my eyes so can't you see me tonight
Come on and look at me and read 'em and weep

It's there in my eyes and coming straight from my
heart
It's running silent and angry and deep
It's there in my eyes and it's all I can say
Come on look at me and read 'em and weep

Read 'em and weep - for all the hours we'll be spending
alone
Read 'em and weep - for the dreams we'll ignore
Running silent and deep
For all those promises we promised to keep

Why don't you look at me and read 'em and weep
Why don't you look at me and read 'em
When I wanted you I needed you
And I still can't bring myself to say I'm over you
When I gave you time to make up your mind
You turned you back on me
And now I turn my back on you
But somewhere down the road
Our roads are gonna cross again
It doesn't really matter when

But somewhere down the road
I know that heart of yours will come to see
That you belong with me
This one's for you wherever you are
To say that nothin's been the same since we've been
apart Oh-uh-oh
This one's for all the love we once knew
Like everything else I have, this one's for you
Doctor, my woman is comin' back home late today
Coudja maybe give me somethin' ?
'cause the feeling is gone and I must get it back right
away
Before she sees that
I've been up, down, tryin' to get the feeling again
All around, tryin' to get the feeling again
The one that made me shiver
Made my knees start to quiver
Every time she walked in

And I've looked high (high), low (low)
Everywhere I possibly can (high)
But there's no (no) tryin' to get the feelin' again
It seemed to disappear as fast as it came

I've been up, down, tryin' to get the feeling again
And I'm ready to take a chance again
Ready to put my love on the line with you
Been livin' with nothing for show for it
You get what you get when you go for it
And I'm ready to take a chance again with you
Let's hang on to what we got
Don't let go girl, we got a lot
Got a lot of love between us
Hang on, hang on, hang on
Come with me
Somewhere in the night we will know
Everything lovers can know
You're my song, music too magic to end
I'll play you over and over again
Lovin' so warm, movin' so right
Closin' our eyes and feelin' alive
We'll just go on burnin' bright
Somewhere in the night
Baby, I love you, come, come, come into my arms
Let me know the wonder of all of you
Baby, I want you now, now, now, and hold on fast
Could this be the magic at last?
We dreamers have our ways
Of facing rainy days
And somehow we survive
We keep the feelings warm

Protect them from the storm
Until our time arrives
Then one day the sun appears
And we come shining through those lonely years
I made it through the rain
I kept my world protected
I made it through the rain
I kept my point of view
I made it through the rain
And found myself respected
By the others who
Got rained on too
And made it through
Looks like we made it

Looks like we made it
I'm singin' to the world, it's time we let the spirit come
in
Let it come on in
I'm singin' to the world, everybody's caught in the spin
Look at where we've been
We've been runnin' around, year after year
Blinded with pride, blinded with fear
But it's daybreak, if you wanna believe
It can be daybreak, ain't no time to grieve
Said it's daybreak if you'll only believe
And let it shine, shine, shine
All around the world (sing it to the world, sing, sing)
It's from me it's for you
It's from you, it's for me
It's a worldwide symphony

I write the songs that make the whole world sing
I write the songs of love and special things
I write the songs that make the young girls cry
I write the songs, I write the songs
