This is fine
This is more than fine
Now we've got the space
And we've got the time
This is a home
Yours and mine
And they've left us alone
This is fine

All the pride
All the noise and fame
Doesn't count for much
Cause it's all a game
What's real is home
What's real is yours and mine
Can't believe we're alone
This is fine

I never loved like this before
I never felt so unafraid
Everything I have is yours
Close the door, pull the shade

We'll make love
All that love can be
And you'll rest a while
While I make some tea
This is our home
So glad it's yours and mine
We're all alone
Oh this is fine
