Somewhere out there beneath the pale moonlight
Someone's thinking of me and loving me tonight
Somewhere out there someone's saying a prayer
That we'll find one another in that big somewhere out
there

And even though I know how very far apart we are
It helps to think we might be wishing on the same bright
star
And when the night wind starts to sing a lonesome
lullaby
It helps to think we're sleeping underneath the same
big sky

Somewhere out there if love can see us through
Then we'll be together somewhere out there
Out where dreams come true
