Glad to be near you  
I know you're there - ah  
Hey, hey, hey, hey, hey

Love is like an ageing flower  
Dying as it's growing higher  
And that love is like an angel  
Falling through the sky  
And crawling down into the ground  
'Cos love is love, it's all around

Love is love, is love, is love, is love, is love  
Love is love - ha ha ha ha ha

I will give you all the best years  
Of your life, if you will be my wife  
If you will stay  
I will stay with you until I'm old and grey  
And when I'm old, I'll pray, like I've been told  
'Cos love is love and love is cold

Love is love, is love, is love, is love, is love  
Love is love - my my my my my my  
Love is love - all my loving  
Love is love, is love - all my loving, yeah  
Love is love, is love - all my love  
Love is love - my my my my

Thank you for your love that is mine again  
I'm wasting my day  
And I feel that I'm looking for the sun  
And wasting my time  
Glad to be near you - how do you do?

Yeah yeah yeah yeah

I will play the part of being husband to your heart  
And when I'm gone there'll be my son  
Listen love to what I'm saying  
When I leave here, he will carry on  
The things I've left undone

'Cos love is love when we're all one

And that ain't no lie!

Love is love - love is love

Love is love, is love - love is love

Love is love, is love - love is love

Love is love - my my my my my my my ....
