[Chorus: DJ Kane]

Let's keep it on the cool
It's between, me and you
It's the freaky things we do
Cause baby I like it, I like it
Let's keep it on the cool
If they all letting you
The little thangs you do
Cause baby I like it, I like it

[Baby Beesh]

It wasn't no love at first sight, it was sex on the first
night
How could it be so wrong when it felt so strong, it felt
so right
I like the way you back it up, cause your chulo ain't no
punk
Get it crunk, get it crunk from the back to the front, any
way you want
Smoking, laughing, telling jokes, smashing riding on
blades and spokes
Saying we just friends, but you and I know, what's
really though
You take me on your odyssey, keep the drama off of
me
You love to get on top of me, while I get you wet and
watery
We sizzo and uh, we doing our thug thizzo', what your
friends don't know
We'll keep it low, when talk at the club a little
When you drop em off at home, hit Beeshy on the celly
And I'll be at the telly, honey be all ready

[Chorus]

[Baby Beesh]

Well now they think they know the deal, but they don't
have a clue
The things we do me and you, got to keep it tight on
the cool

Down low on the hush, take our time don't need to rush
You in my mind like cannabis, with a freaky way you
make me bust
Freaky deaky everytime you see me, you best believe
me, I'ma lick
You down with berries and cream, you lick me with that
wine and kiwi
You know it's nathin', to keep that gossip off of baking
That's why we shaking, them hatas spreading
information
If only I knew then what I know now, things could of
been a little different
Could I have this dance, I got a girl at home already on
suspicion
But I want my cake and eat it too, wanna be with her I
wanna be with you
You telling me that you need it too, and let me tell you
what we fin to do

[Chorus]

[DJ Kane]

Ooh wee, I love it when you freaky like that
Ooh wee, on the cool coming through from the back
Ooh wee, I love to watch you dance on my lap
Ooh wee, uh ooh wee

[Drew]

Ooh wee, you love to see your daddy roll up
Ooh wee, going hard and the pain rolled up
Ooh wee, that people in your business saw us
Ooh wee, ooh wee

[Chorus]
