A boy with his heart  
Barzin

A table's turn  
The light's alone  
The road reach is far

An this is hope  
A boy with his heart

He carries no name  
He hasn't solved the backroads's turn  
His mother's gone  
The boy with his heart

Walk with him now  
Watch him go  
The backroads are high

The river's slow  
The boy with his heart

There is no love  
The ground is cold  
Wait for him there

Have been told  
The boy with his heart
