Autumn and moon
When will you come?
To take me
Far away from me

Autumn and moon
All night long
All these lovers are
Out in the streets

It's the autumn call
In me now
It's the same song

Always the same song
Always the same song

And you find yourself
Waiting by a window
With all this music
In your arms

Autumn and moon
I sleep all day long
And at night I go
Walking the streets

Autumn and moon
All night long
All these lovers are
Out in the streets

It's the autumn call
In me now
It's the same song

Always the same song
Always the same song

And you find yourself
Waiting by a window
With all this music

In your arms
