Desperate in my sleep  
Like I'd lost something  
When I woke I found  
It was just a dream  
Dusk was coming down  
The house makes no sound  
Funny how a dream  
It can make you weak

So I became the king  
The king of all things weak  
And I wrote a song  
About all things I need  
Will I have a house?  
Will I be a star?  
What would people think  
If I didn't make it far?

Funny how a dream  
It can make you weak  
Just a simple dream  
It can make you weak

Come back home Suzanne  
Cos it's getting bleak  
Your boy has become  
The king of all things weak  
Come back home Suzanne  
Come and make it ok  
It was simple dream I know  
But it won't go away  
It was simple dream I know  
But it won't go away.
