"Let's Go Driving"

Here is the one
Thing I've followed
Here is my life
My life in rooms

I've been taking notes
For myself
Of all the things
To not become

So let's go for now
Someplace far
Let's go driving away
Just for today

You get so tired
Of yourself
Taking these notes
Inside some room:

"see how we come
slowly undone
on days like this
we're not so young."

So let go and buy
Something new
Let's go driving
Today
away
